

## Chart Ferox

Chart is a pioneer in the global adoption of natural gas as a clean-burning, safe and economical fuel alternative to diesel. Our portfolio includes stationary and mobile LNG/LCNG vehicle fueling stations, onboard fuel systems for vehicles, buses and ships, bunkering solutions and LNG, LPG trailers. Chart Industries, through its European subsidiaries **Chart Ferox**, **Flow Instruments** and **Gofa Gocher**, offers a wide portfolio of integrated, state-of-the-art cryogenic solutions for the distribution, storage and measurement of liquefied natural gases.

Principal products are engineered and built in house, which is a key differentiator of Chart and your guarantee that the equipment provided meets the highest standards of quality, safety and reliability.
